

The Seaside Playgarden

Preschool and Kindergarten

Play is the heart of the Seaside Playgarden.

"By emphasizing imaginative free play and the joyful imitation of real domestic work, children develop social skills, problem solving skills, and their capacity for creative thinking, along with a love of learning"

Our little school provides a warm, loving and cozy homelike environment which is a gentle bridge between home and school.

Focusing on a natural and organic experience, we cultivate autonomy and compassion.

"We are the bridge.

Offering 2, 3, and 5 day programs that include healthy, organic snacks.
